Lexington Local Schools
November 6, 2018 Ballot Issue Facts

Lexington Local Schools is on the ballot for a $79.9 million bond issue to replace the five current school buildings into two new buildings. The new Pre-Kindergarten – 6th grade building will have separate wings for PreK-3 and 4-6, and the new 7-12 grade building will have separate wings for 7-8 and 9-12.

This is our community's opportunity to get up to *53 percent of the building plan paid* for *by the State of Ohio,* before the offer expires and the money is given to another district.

These new schools will:
- Provide updated science labs and greater access to technology for all students, and have the ability to enhance our rigorous programs in Science, Technology, Engineering and Math.
- Include state-of-the art building design and security systems to enhance safety in our buildings.
- Provide modern climate control systems that are more effective and environmentally-efficient and provide a more comfortable learning environment for our students and staff.
- Offer complete handicap accessibility for students with special needs and allow them to be able to move within buildings and floors.
- Prevent further inefficient spending on patchwork repairs for building mechanical systems that are too old to be fixed and too obsolete to be replaced, roofs that are costly to repair / replace and expensive infrastructure repairs.

Voter Registration for the November 6 Election ends October 9. To check your voter registration status and to register online, go to **myohiovote.com.**

Early voting begins October 10. All registered voters will be mailed an absentee ballot application sometime after Labor Day. Early voting is a great way to ensure your vote is counted on your schedule and from the comfort of your own home!

Election Day is November 6. Polls will be open from 6:30 am – 7:30 pm that day. You can check your polling location at **myohiovote.com.**

The proposed bond issue would cost the owner of a $100,000 home about $26.54 per month or $318.48 per year.
