

WESTERN *Elementary* *Lex*

THE LEX WAY:
RESPECTFUL, RESPONSIBLE, AND READY TO
LEARN

✧ *Outside Recess* ✧

Winter weather is upon us, and we will continue to go outside for recess unless the temperature, with wind chill, feels below 20 degrees. If recess is outside and there is snow on the ground, students may play in the snow if they bring the following items: hat, gloves or mittens, boots, snow pants, and a winter jacket. If students do not have these items they will be limited to play on the blacktop. We encourage all students to participate in outside recess, so it is important to make sure that students have proper attire for the current forecasted weather.

If it is too cold to go outside for recess, students will have inside recess. Recess may consist of watching a movie, hallway play, or various activities arranged by the recess staff. A list of movies that could be viewed during recess are listed in the student handbook. All movies that will be viewed during recess are rated G. If you would prefer that your student opt out of viewing a movie, please, feel free to contact me at eggerton.genelle@lexington.k12.oh.us.

It is our goal to go outside during recess as much as the weather allows. However, sometimes the weather limits our goal. Again, if you have further questions, please, feel free to contact me.

In Service to Children,

Mrs. Eggerton

Facebook

Western has a Facebook site. This site will be used to assist in community conversation and keeping the community up-to-date on the events and activities that are taking place at Western.
