Requests

Many are already looking ahead to the 2017-2018 school year. In doing so, please be aware that we are unable to honor parental requests for children to have particular teachers. Any concerns that might negatively affect the placement of a child must be brought to the building principal's attention, in writing, no later than Monday, April 24th.

Every effort is made to distribute the children among the classrooms fairly and heterogeneously. We take into consideration many factors to help ensure that each and every student has the best possible educational placement and environment.

Please understand that our efforts are in doing the best that we can for all children.

Our district has purchased a summer subscription to myON for every Preschool-Grade 6 student. What is myON? MyON is a personalized digital library that offers unlimited access to thousands of digital books, matched to each student's interests, Lexile reading level and grade level, along with literacy tools that encourage engagement and achievement. Students can access myON online with any web-enabled device and offline using free mobile apps for iPad, Android, Chromebooks and Kindle Fire HD-making it possible for them to read wherever they are and whenever they want to read. The district will send out further information and hold an informational meeting in the month of May to further explain our summer reading incentives and offer a demonstration of myON.
