

Dear Students and Parents,

On behalf of the faculty and staff, we extend to you a warm and sincere “welcome” as you begin a new school year or enter our school as a new student.

This handbook has been prepared to serve as a resource to assist the student in establishing the correct procedures, attitudes, and conduct necessary for good citizenship at school. This handbook has been approved by the Lexington Board of Education. Students and parents are encouraged to read it carefully.

Parents are an integral part of the education process because their support, concern, and understanding are needed if the best is to be realized for the student. We hope that all students engage themselves in our academic program as well as the co/extra-curricular activities.

Our school will assist you in gaining knowledge, developing skills and creating positive attitudes that will benefit you in the present and in the future. Take advantage of these opportunities and make this a positive year for yourself.

For weekly updated information visit our web page at (www.lexington.k12.oh.us). We hope that you enjoy your school year. If you have any questions, be sure to ask your teacher, counselor or principal.

LEXINGTON LOCAL SCHOOLS MISSION STATEMENT

“The Lexington Local Schools, through a partnership with our students' families and our community, will provide the best possible curricular and co-curricular opportunities to challenge all students to reach their highest potential, to enjoy learning and to make positive contributions within their homes and communities.”

ARRIVAL AND DISMISSAL/SCHOOL HOURS

School hours for faculty are 8:20 a.m. to 3:40 p.m. and for students 8:50 a.m. to 3:20 p.m. Doors open at 8:20 a.m. Students not riding the bus should **not** arrive before 8:20 a.m.

OUTSIDE RECESS

We will go outside for recess unless it is raining, or the wind chill is 20 or below. If the wind chill is 10-20 degrees, we will go out for 20 minutes. Students need and benefit from being outside for recess. As the weather changes, please do your best to support your child by making sure they are dressed appropriately for the weather. Students will have less access to the playground if they aren't dressed appropriately for the weather. For example, if recess is outside and there is snow on the ground, students may play in the snow, but they need to have a hat, gloves/mittens, boots and a winter jacket. If students do not have these items, they will be limited to the blacktop. We encourage all students to participate in outside recess, so it is important to make sure that students have proper attire for the current forecasted weather.

ADDRESS CHANGE

Please notify the school secretary immediately of any change in residential address and telephone or any contact change. This information is vital in case of an emergency.

LEAVING SCHOOL EARLY

All requests for a student to leave school early must be cleared through the main office. For the safety of all students, the following procedure must be followed.

Areas of support include classroom teacher aide, library aide, clinic aide and playground aide. Volunteer time is minimal. Your time and service are appreciated. If you are interested in helping, please contact your son/daughter's homeroom teacher. Please sign in at the office and record your hours of service.

Cancellations and delays will be reported to the media. Parents can also sign up for the districts Remind. Go to *Parents and Students* on our home page, proceed to *Remind* and follow the specific directions.

VISITORS

Parents and other visitors are required to report to the office, sign-in and pick up a visitor pass. This is required by State Law (O.R.C. 2917.221) and is for every student's protection. All the outside doors to the school are locked between the hours of 8:50 a.m. and 3:30 p.m. You must use the doors at the main entrance. If volunteering is reinstated, we ask that you do not bring other children along when you are helping.

CUSTODY NOTIFICATION: Reporting Court Decisions to School

When a child custody order or decree, including a temporary order of child custody is issued resulting from action of divorce or separation, annulment or dissolution of the marriage, the custodial parent of the child shall notify the school of those custodial arrangements. The custodial parent is to notify and provide the school administration with the court's legal certified copy of the custodial order of decree that makes the custodial modifications. The custodial parent has been assigned the responsibility to report the court action to the school district.

HEALTH NURSE SERVICES

Student health and safety are important to all Lexington staff members. While parents have the basic responsibility for the health of their children, the district's nursing director and building school nurses work to assist families and health care providers in promoting and maintaining the well-being of all students. The goal of the school nurse is to assist students in attaining their optimum physical and emotional health, so they are able to achieve academic success. The school nurses of Lexington Local Schools work toward this goal by providing:

- Vision and hearing screenings and referrals
- Immunization records maintained
- Health counseling and education
- First aid and safety
- Provide basic healthcare to students in case of injury or acute illness in a clinic setting
- Communicable disease control
- Develop health plans for students with chronic illnesses and disabilities

To assist school nurses in achieving this goal, parents and guardians are encouraged to share information with school nurses regarding student health history, serious illness or accidents, mental health issues, and additional screenings a student may need.

ALLERGIES

Food allergies including peanut/nut allergies are a significant health concern within the school environment. Allergic reactions can range from mild symptoms to life threatening reactions. Ensuring a safe environment for all students is a primary focus for the administration and staff.

To raise awareness and limit an unnecessary exposure during school hours, we are implementing the following steps to address food allergies.

These include:

- Notifying the school nurse of **ANY** allergy to food, drug, insects, etc., that your child may have.
- Providing the school nurse with medication/doctor's orders/emergency care plan/parent permission form.
- Teaching children at home about their food allergies and the importance of not sharing any food with others in school or elsewhere.
- Notifying the classroom teacher about your child's allergens and checking with the classroom teacher prior to bringing in any food for classroom celebrations.

MEDICATION AT SCHOOL

To comply with Section 3313.713 of the Ohio Revised code, regarding the administration of medication at school, a parent and physician must complete the appropriate permission form "Request to Permit Administration of Medication at School". This applies to all medication – routine scheduled medications and emergency medications (ex. epi-pen or inhaler). This form must be completed prior to the administering of medication by school personnel. These forms are available in the office and should be picked up prior to taking the student to the doctor's office.

Only medications prescribed by a physician for a particular student will be given at school if medical forms are filled out. Over the counter medications will not be administered unless accompanied by the appropriate permission form. If your child must be given medication at school, please contact the principal or the school nurse. Parents who wish to administer medication to their child during the school day may do so. You must, however, report to the office.

All medication must be brought to school by the parent in the original pharmacy container with the following information on it:

It is the responsibility of each student to contribute positively in the school environment by demonstrating respect for self and others, for personal property and the property of others, and by behaving in a way that enhances personal learning and the learning of others. Each student is responsible for his/her individual behavior while at school, traveling to and from school, or at school sponsored functions. In order for each of us to have the best results for our efforts, certain standards and regulations must be enforced.
