

Printing on your iPhone or iPad

Mobility Print works just like AirPrint - print your content as you normally would.

How to print

1. Open the app you want to print from and tap the share icon:

2. Scroll down and tap  or **Print**.

No print option? Check the app's User Guide or Help - not all apps support printing.

3. Select a printer.
4. Select the number of copies and other options, like which pages you want to print.
5. Tap **Print** in the top-right corner.
6. If you're prompted, enter your PaperCut username and password.

Not your operating system? Try one of these:
